Our Story

Bi'Du is owned and operated by the Kashia Band of Pomo Indians, a Federally Recognized Tribe. Kashia is committed to safety, excellence, and ensuring high-quality work that exceeds client expectations. Bi'Du is an SBA certified Tribal 8(a) company offering federal government construction services.

Kashia has successfully completed a wide range of federal government contracts across the country totaling over \$16 million in the last 7 years. Our government clients include GSA, CBP, USMS, US Army Corp of Engineers, and others.

The Tribal 8(a) Advantage with Bi'Du/Kashia

Move your project forward quickly with sole-source contracting.

No J&A requirement for sole-source contracts up to \$25M;

Increased flexibility to negotiate the Scope of Work;

No risk of protest for sole-source awards
